

LX SERIES HEAT PUMPS

YHJF MODEL | 14.5 SEER

Everyone wants time to relax and be comfortable. That's why we created LX Split System Heat Pumps, so you can feel cool in summer and warm in winter. And you'll like the confident feeling that comes with dependable performance, energy efficiency and operating economy. We give you the best design so you don't have to sweat the details. And because it's built by York — the industry leader in innovative design — you know your system won't be down when you want some down time.

**BUILT RIGHT.
BUILT BY YORK.**

 **YORK**[®]
It's time to get comfortable.

Relax, we've got comfort under control.

With several affordable designs to choose from, it's easy to find the model that will keep your home cool and comfortable, control humidity and maintain indoor air quality on hot summer and cold winter days. And while you're feeling comfortable indoors, you'll also feel good knowing your system is using environmentally friendly R-410A refrigerant to protect the outdoors.

Feel good with the Good Housekeeping Seal.

York® products that bear the Good Housekeeping Seal give you the added assurance of product replacement or refund of the purchase price if the product proves to be defective within two years from the date sold by an authorized contractor.

Affordable peace of mind.

Select York® systems using R-410A include a 10-year limited warranty on the compressor and parts as standard coverage (when you register qualifying products online within 90 days of installation, otherwise the compressor and parts warranties each revert to a 5-year limited warranty). See your York® Contractor for details.

Hybrid comfort.

Now you can choose a York® heat pump as part of our Hybrid Comfort System™ that lets you shift from the efficiency of an electric heat pump to the added power of a gas furnace for the most efficient heating you've ever experienced.

- Exceptionally quiet sound levels
- Attractive appearance
- Trouble-free enclosed, permanently lubricated fan motor
- Environmentally friendly R-410A refrigerant
- Compact design saves space
- ENERGY STAR® qualified savings
- Efficiency ratings up to 15+ SEER when matched with variable-speed indoor blower

Complete your home comfort system by asking your York® Contractor about ways to improve your indoor environment and protect your family's health with our indoor air quality options.
